**SOUTH CAROLINA
ORAL HEALTH
COALITION (SCOHC)**

A diverse group of stakeholders from private practice, public health, health care, academia and communities who are familiar with practice issues related to health care. The Division of Oral Health (DOH) staff work closely with the SCOHC and it is considered part of the oral health infrastructure in South Carolina.

Purpose To develop oral health promotion and disease activities at the state and community level.

Activities Support the objectives in the South Carolina State Oral Health Plan (SCSOHP) and address lifespan oral health problems and issues affecting the state's population.

Meetings The SCOHC meets on a quarterly basis. For more information, Taylor Harding, **SC Oral Health Coalition Coordinator**, scoralhealthcoalition@gmail.com
